Title: "Behavioral factors amongst Patients with HIV referred to Tabriz consulting center for behavioral disease"

work experience

I'm working for *Social Determinants of Health Research Center (SDH)* in *Kurdistan University of Medical Sciences* of Iran as *Assistant Professor of Healthcare Services Management* since 2018

- I used to work for the *Center for Health Human Resources Research and Studies (CHHRRS)* in the *Ministry of Health and Medical Education* of Iran from 2014 to 2018
- **Iran Health Sector Human Resources Requirement Projection Vision 2025** was designed, implemented and evaluated by a trio team which was presented and approved by WHO
- I was project manager in national project "**Physician retention in underserved areas**"
- We developed "**Ministry of Health and Medical Education Iran Human Resources Requirement Projection**" for 2017
- I was focal point in international project of "**Reviewing the Relevance and Effectiveness of the WHO Global Code of Practice on the International Recruitment of Health Personnel**"

SKILL

Human Resources Requirement Projection

Designing a Strategic planning

Systematic and Meta synthesis studies

Quantitative and Qualitative Studies

Implementation Planning Models in Excel

Designing a Modern Data Warehouse by Microsoft Access

Presentation Design

Web Site Design

honors and award

- Top researcher of research centers in Kurdistan University of Medical Sciences (2022)
- Award of Compulsory Military Service in Iran's National Elites Foundation (2016)
- Member of national Elite Foundation (2014-2018)
